DAWES ACCEPTS HONORS, CHARY WITH TALK

FRANCE WELCOMES DAWES CANDIDACY, SAYS PARIS LE MATIN

REPUBLIC REMEMBERS HIS STEP TOWARD POST-WAR PEACE

FRENCH PRESS APPROVES SELECTION OF DAWES AS CANDIDATE

(By United Press)

Paris, June 14.—The press today generally approved the selection of Charles G. Dawes as vice-presidential candidate of the republican party with President Coolidge.

"France welcomes Dawes' candidacy," Le Matin said, adding that the French people have not forgotten that it was under the direction of General Dawes and Owen Young that the greatest step toward post-war peace was made when the experts submitted their reports on reparations.

SMILING WARMLY, BUT WITH "NOTHING TO SAY"

Chicago, June 14.—Smiling warmly, but with "nothing to say," General Charles G. Dawes, republican nominee for vice-president, received a hearty welcome from his friends and admirers upon his return home today.

"I have nothing to say until I am formally advised of the nomination," Dawes said when asked for a statement.

Dawes was in splendid spirits, treating every man who greeted him with a cordial "hello." Clouds of smoke issued from the "up-side-down" pipe.

Dawes' wife and two classmates from Marietta accompanied him. They are H. C. Butler, Dallas, Tex., and R. R. Lloyd, Chicago. Both were graduated with Dawes in the class of 1884.

Newspaper photographers, who have previously found it difficult to get Dawes to pose, were surprised when he consented readily today and allowed them to take his picture in a variety of poses.

Due to a misunderstanding as to the time of Dawes' arrival, members of his family were not at the station. The Dawes party waited for their coming.

From the station Dawes said he would go directly to his office to "attend to a pile of business." Later he will go out to his suburban home, where neighbors plan a big celebration.

Dawes received a tremendous ovation when he walked into the Central Trust company, the bank of which he is chairman of the board of driectors. A large crowd gathered at the entrance and shouted and whistled. Bank clerks, stenographers and bank attendants added to the din.

Dawes smiled, bowed, tipped his hat, and shook hands with scores of friends and business associates.

BILLY SUNDAY HOES POTATOES

LOOKS TOTALLY UNLIKE ANY ALLEGED INVALID

(By United Press)

Hood River, Ore., June 14. — If Reverend Billy Sunday threatened to cancel a series of meetings at Memphis, Tenn., recently on account of ill health, at least he did not look the part of invalid today on his farm near here.

Sunday was out in a pair of overalls "digging in" with a hoe. He was making the weeds fly from his potato patch.

Ma Sunday, who arrived with her husband Thursday night, today displayed the effect of their busy day yesterday—she had been making strawberry jam.

"This work is fun," was Billy's only comment as he chewed a straw in the corner of his mouth in rural style.

Chicago Police Claim Clue to $2,5000,000 Robbery

SUMMER IS HERE; ONE MAN DIED OF HEAT PROSTRATION

(By United Press)

Minneapolis, June 14.—One man died from heat prostration here yesterday, the first reported in the Northwest this season.

Harry Adsield, 30, died in an ambulance while being taken to a hospital after collapsing on a downtown street corner. It was 83 in the Twin Cities yesterday.

WOMAN ATTACKS AND HORSEWHIPS CO. ATTY. SHIVELY

WEALTHY RESIDENT OF PAOLA, KANSAS, IS ASSAILANT

HURLS EPITHETS AT THE KANSAS OFFICIAL

(By United Press)

Paola, Kan., June 14.—Miss Lucy Mallory, wealthy resident of Paola, was under police bond after attacking and horsewhipping Samuel J. Shively, Miami county attorney.

Shively was sitting in Judge J. O. Rankin's courtroom talking with companions during a recess when the woman entered, shouting: "I'll teach you to double-cross me, you dirty liar."

She cracked the whip across his face three times, causing large welts. Shively had prosecuted A. Tiede on charges of arson. Tiede operated a battery station in the basement of the Mallory opera house. After the fire he was charged with arson, and although two associates pleaded guilty and testimony at two trials against Tiede resulted in a disagreement in both cases, the start of a third trial was postponed until fall and Miss Mallory held Shively responsible for the delay.

SOCIALIST GOVERNMENT IN FRANCE

BECOMES REALITY WHEN HERRIOT FORMS NEW CABINET

EXPECTS BY TONIGHT TO NAME THE LIST OF MINISTERS

(By United Press)

Paris, June 14.—Socialist government in France became a reality today when Edouard Herriot accepted the invitation of President Doumergue to form a new cabinet. Herriot expects his list of ministers will be completed by tonight, and hopes to be ready to confer with Prime Minister MacDonald of Great Britain on June 21.

Doumergue spent the morning in conference with leaders of the left, all of whom advised him to summon M. Herriot to form a government to replace the Marsal cabinet, which resigned yesterday as soon as the election of the new president of the republic was announced.

ELKS HONOR FLAG AT ST. PAUL TODAY

St. Paul, June 14.—Special Flag day exercises together with a band concert, will be held at Phalen park this evening.

The exercises are in charge of St. Paul Elks, and L. C. Hodgson, former mayor and now commissioner of finance, will give the chief address.

As part of the exercises, which start at 7:45 p. m., Tony Snyder's Minnesota State band will give a concert in which patriotic airs will be featured. White Brothers and Stendal will sing several selections.

FORMAL BOARD OF INQUIRY PROBES DISASTER

OFFICERS AND MEN OF MISSISSIPPI ARE QUESTIONED

COMMANDING OFFICER HAS NO BLAME TO ATTACH TO ANY ONE

(By United Press)

San Pedro, Calif., June 14.—Below deck in the officers' quarters aboard the U. S. S. Mississippi today, the formal board of inquiry met to hear details of a story of traditional heroism shown by men of the navy when death strikes.

Officers and men were questioned, but from each was heard nothing but terms of highest praise for 48 members of the dreadnaught's complement, who went to their death on Thursday afternoon because of an explosion within gun turret number 2.

The highest tribute of all came from Capt. W. D. Brotherton, commanding officer of the Mississippi.

"I have no blame to attach to anyone or anything," he told the board at the opening of the hearing. "I have nothing but the greatest praise for them all. They did their duty to the best of their ability, every one of them," and the captain's voice broke, as he buried his face in his arms and wept.

The exact cause of the tragedy is still more or less a mystery and may remain so. Lieut.-Commander Reinecke, chief gunnery officer of the Mississippi's crew, told the board his "first impression was that it was caused by a foul bore, in spite of the fact that it was a splendidly trained and instructed crew and a most reliable gun captain, whose duty it is to clear the bore."

More definite information regarding this possible explanation may be secured from Chief Turret Captain E. J. Rynes, although it is possible his testimony will never be heard. Rynes is near death on the hospital ship Relief, his face and head swathed with bandages and his body wracked with pain.

The death list in the tragedy still remains at 48. Twelve men on the Relief are gravely burned but still cling to life. There is little hope for most of them, navy physicians said.

Bodies of 48 men were brought ashore late yesterday and taken to an undertaking parlor. Each rests in a plain pine casket, but the American flag which covers each gives to them a pricelessness which gold mounting and jeweled handles could not match.

On Tuesday at 10:30 a. m., according to tentative plans, there will be public funeral services held at the police athletic field here. The whole harbor district, including many lads in blue from the fleet, will gather in reverence to these heroes. The services are in charge of Capt. B. F. Patrick, fleet captain. Both Protestant and Catholic services will be held, impressive in the most with uniformed guards and firing squad.

Then to the homes throughout the country the caskets will be started.

ITALIAN DEPUTY ALLEGED KIDNAPED

POLICE DENY REPORTS THAT BODY OF MATTECOTI FOUND IN WOODS

Rome, June 14.—Police today denied reports that the body of Socialist Deputy Mattecoti has been found in a wood near Vico as reported in the newspapers.

No trace of the missing deputy has been found, the police commissioner said, and no evidence has been found to connect the kidnaping of Mattecoti with several suspects under arrest.

He was kidnaped Tuesday, presumably by fascisti.

FLAG DAY

CLOUDBURST AND WIND STORM DO MUCH DAMAGE

(By United Press)

Johnson City, Tenn., June 14.—A cloudburst near Hampton, Tenn., took heavy toll in life and property today. According to first reports reaching here 16 were killed. Wires were down and details of the storm were lacking. Reports received here were that Bramer, Tenn., was hard hit, part of the town being washed out and a large section of the Laurel Fork railroad was reported out.

Davenport, Ia., June 14.—Considerable property damage was done by a wind storm which swept this section during the night. No one was reported injured or killed. Houses were unroofed, trees uprooted and telephone and telegraph lines were strewn about by the gale, which lasted for an hour.

11 KNOWN DEAD IN THE CLOUDBURST

Elizabeth, Tenn., June 14.—Eleven are known dead in the cloudburst at Gardens Bluff and Hunter, 10 miles from here, Friday night. Ten others are missing. Houses, barns, railroad bridges and tracks were swept away by the rush of waters. The dead include Lum Smith, his wife and two children; Mrs. Civil Lewes and four children, and the little daughter of Neal Lewis.

Johnson City, Tenn., June 14.—A daughter of Neal Lewis was drowned in flood waters from Stony Creek rushing down Holston Mountain. Five were missing at Garden's Bluff.

ITALIAN BOY OF 7 WAS KIDNAPED

HAS TWIST REMINISCENT OF THE FRANKS' CASE IN CHICAGO

Detroit, June 14.—Two mysterious telephone calls to the father of Geni Corsi, 7, who was kidnaped Monday, have puzzled police and give the case a twist reminiscent of the Franks' kidnaping and murder in Chicago.

Both messages told Edward A. Corsi, the father, not to worry.

Corsi had no time to question the mysterious informant, and was too upset to know whether the same person delivered both messages, which were about an hour apart. No demand for ransom has been made. The child was seized n front of his father's confectionery store Monday evening.

COOLIDGE SEES FIELD EMPLOYES GET A RAISE

Washington, June 14. — President Coolidge today moved to provide 480 field employes of the government outside Washington with the pay increase voted by congress in a bill which failed to become a law in the final legislative jam for lack of certain signatures.

He ordered that beginning July 11 all departments received a pay increase which averaged $240 a year, apportioning their appropriations to meet the money available.

REUTHENBERG, FOSTER TO DIRECT THIRD PARTY MEET

CONFERENCE IN ST. PAUL REVEALS THEM AS CONVENTION HEADS

MAHONEY SEEMS WILLING TO LET THEM RUN IT

(By United Press)

St. Paul, June 14.—Charles E. Reuthenberg and William Z. Foster are going to direct the St. Paul third party convention Tuesday.

This was apparent at the preliminary conference today of those most interested in the affair. It was plain that most of those in attendance will be of the most radical minds in the country.

William Mahoney, St. Paul labor leader, deserted by some and unable to get even local support for it, is ready to let the communists and socialists have the convention, collaborating with Foster and Reuthenberg in framing the convention program.

As it appeared today, the convention will organize Tuesday before noon. Committees will be named, including a resolutions committee which may add or detract from the platform tentatively adopted early this year when 41 leaders of the third party movement met here. Withdrawal of some of the 41 may make platform changes advisable, Mahoney indicated.

The convention will be mostly a speech-making affair. Most of the speeches are expected to be radical. Some may even denounce Senator Robert M. LaFollette, whose candidacy for the presidency was the sole reason for originally calling the convention. Since the convention was arranged LaFollette has denounced it and has spoken in favor of the progressive convention to be held in Cleveland July 4. No endorsements are expected to be made for either president or vice-president. A national executive committee will be empowered to make endorsements later on. The committee will watch the Cleveland meeting and possibly climb on the band wagon after it acts.

TAX DUE MONDAY SAYS L. M. WILLCUTS

St. Paul, June 14.—Monday is the last day income tax payments will be accepted by the internal revenue office.

June 15, is the day the payments are due, but on account of this being Sunday the time limit has been extended to Monday, L. M. Willcuts, collector, stated today.

Under the new tax bill taxpayers will pay at this time one half of the amount normally due on the second installment. This will make the total amount paid equal to one-half the year's tax. The year's tax is 75 per cent of what it was to have been originally. The last half of the tax is to be paid in two equal installments on Sept. 15 and Dec. 15.

The cut in taxes affects individuals only, and does not include corporations.

WHEAT RIPENS IN HOT WEATHER

CUTTING TO START IN SOUTHERN KANSAS IN ABOUT A WEEK

(By United Press)

Topeka, Kan., June 14.—Wheat has ripened rapidly during the hot weather of the last few days and cutting will start in Southern Kansas in about a week, according to reports received here today. While the crop has deteriorated some from the estimates of May 1, prospects are still that Kansas will have a good yield.

5 KILLED, 16 HURT IN RAILWAY WRECK NEAR BERLIN TODAY

(By United Press)

Berlin, June 14.—Five persons were killed and 16 injured seriously when a passenger train was wrecked at the Potsdam-Wansee station in the heart of the city during the rush today.

The crowded train crashed into a string of cars, causing the wreck. Traffic was delayed for some time.

LEOPOLD AND LOEB, DO THEY KNOW RIGHT FROM WRONG

YOUTHFUL KILLERS OF FRANKS EXAMINED BY ALIENISTS

EFFORT MADE TO BUILD UP A DEFENSE OF INSANITY

(By United Press)

Chicago, June 14.—Nathan Leopold and Richard Loeb, youthful killers of Robert Franks, 14-year-old school boy, hopped, skipped and went through other motions in the "police laboratory" today under the eyes of noted alienists in an effort to build up a defense of insanity.

Dr. Karl M. Bowman and Dr. H. S. Hulbert, famous psychiatrists, and other physicians noted for their work on mental disorders have been retained by the defense to prove that the millionaire youths were irresponsible when they committed the crime.

The physicians are trying to detect mental and bodily disorders of a nature that would show Leopold and Loeb did not and do not know right from wrong.

In the meantime the prosecution is working just as hard to show that they are of excellent intellect, and that they did know and now know right from wrong.

UNWED MOTHER WINS THE FIGHT TO GAIN CHILD

FANNY LOCKWOOD APPEALED TO THE ST. LOUIS COURT

ALLEGED FATHER DENIED, ADMITTED AND DENIED PATERNITY

(By United Press)

St. Louis, Mo., June 14.—Fanny Lockwood, pretty 18-year-old unwed mother, today won her fight to obtain a foundling she claimed was her illegitimate son. She had not seen the baby since two weeks after it was born last December, and she was unable to identify it positively as hers.

Judge Erwin, in domestic relations court, granted her plea for a writ of habeas corpus giving her the child.

In a statement the judge declared the child was her child and denied allegations that Fanny was unfit to care for the child, as made by the City Board of Children's Guardians and by the man Fanny charged was the father of the child.

The court said nothing in the six-day testimony of the hearings supported the statement of Thomas Poepping, opera chorus man, that he took the baby because he feared Fanny would kill it. The judge said nothing of the paternity of the child, which was denied by Poepping, later admitted and then denied again. He said, however, that there was nothing to support Poepping's statement that Fanny had admitted relations with other men than himself.

MAN ARRESTED WITH BLOOD SPATTERED BILLS

PAUL WAGE, OF TULSA, CHARGED WITH CARRYING $,1000 AND $500 BILLS

MAN NAMED J. H. WAYNE, WITH 3 BULLET WOUNDS, IN CUSTODY

(By United Press)

Chicago, June 14.—Paul Wage, Tulsa, known as a police character, was arrested here today in connection with the hunt for the bandits who late Thursday night held up and robbed a Chicago, Milwaukee & St. Paul mail train of currency and securities estimated up to $2,500,000.

Police announced they found a $1,000 bill and a $500 bill on his person. The money, they stated, corresponds to the description of the bills seized by the robbers. The bills were blood spattered. One of the robbers was seriously wounded by a fellow-bandit when he was mistaken for a mail guard.

A man and woman giving the names of Mr. and Mrs. Walter McComb also were arrested.

In addition to these arrests police also took into custody a man giving the name of J. H. Wayne. Wayne had three bullet wounds. He said he was shot by a woman several days ago. Another man, giving the name of J. Mahoney, was arrested in a flat not far from the place where Wayne was taken.

All the prisoners are being held incommunicado.

Police said they are confident of rounding up the entire bandit gang and recovering the loot within the next 24 hours.

A. E. Germer, chief postal inspector, announced this afternoon he had definite information that the amount of the loot would total $3,000,000. Of this amount Germer said $100,000 was in cash and much of the balance was in negotiable securities. The First National Bank of Chicago had $175,000 and the Federal Reserve bank $172,000 in negotiable securities in the stolen mail pouches, Germer said. Two of the postal clerks identified two of the suspects under arrest as members of the bandit gang, Morgan A. Collins, Chicago chief of police, announced. Collins did not give the names of the two identified.

"We are on the right track now, for sure," Collins said, "and will have every member of the band under arrest before Sunday night."

BELVIDERE, ILL., THINKS IT HAS CLUE

Belvidere, Ill., June 14.—Belvidere has furnished a leading clue in the case of the score of robbers who held up the Chicago, Milwaukee & St. Paul mail train Thursday night, escaping with loot estimated at close to $3,000,000.

Belvidere police learned last night at a local grocery store that a car containing several men passed thru this city about 7 o'clock yesterday morning on the Grant highway going west toward Rockford. Police at that time had not been notified of the mail holdup and consequently were not on the watch for suspects. The authorities here were led to believe that the bandits were headed for Gray's Lake at Wauconda, then would hit for the Grant Highway and the region of the lakes of southern Wisconsin by way of Rockford.

HIGH COURT O. K.'S $23,000 VERDICT

St. Paul, June 14.—The supreme court affirmed a $23,800 verdict given J. F. Perkins, Cokata, for injuries sustained Sept. 16, 1920, while employed by the Great Northern.

He sued for $80,000, alleging he was hurt because of the failure of a safety device.

The railway appealed from the decision of the Stevens county court.

TAX DUE MONDAY SAYS L. M. WILLCUTS

St. Paul, June 14.—Monday is the last day income tax payments will be accepted by the internal revenue office.

June 15, is the day the payments are due, but on account of this being Sunday the time limit has been extended to Monday, L. M. Willcuts, collector, stated today.

Under the new tax bill taxpayers will pay at this time one half of the amount normally due on the second installment. This will make the total amount paid equal to one-half the year's tax. The year's tax is 75 per cent of what it was to have been originally. The last half of the tax is to be paid in two equal installments on Sept. 15 and Dec. 15.

The cut in taxes affects individuals only, and does not include corporations.

Berlin, June 14.—Five persons were killed and 16 injured seriously when a passenger train was wrecked at the Potsdam-Wansee station in the heart of the city during the rush today.

The crowded train crashed into a string of cars, causing the wreck. Traffic was delayed for some time.

LEOPOLD AND LOEB, DO THEY KNOW RIGHT FROM WRONG

YOUTHFUL KILLERS OF FRANKS EXAMINED BY ALIENISTS

EFFORT MADE TO BUILD UP A DEFENSE OF INSANITY

(By United Press)

Chicago, June 14.—Nathan Leopold and Richard Loeb, youthful killers of Robert Franks, 14-year-old school boy, hopped, skipped and went through other motions in the "police laboratory" today under the eyes of noted alienists in an effort to build up a defense of insanity.

Dr. Karl M. Bowman and Dr. H. S. Hulbert, famous psychiatrists, and other physicians noted for their work on mental disorders have been retained by the defense to prove that the millionaire youths were irresponsible when they committed the crime.

The physicians are trying to detect mental and bodily disorders of a nature that would show Leopold and Loeb did not and do not know right from wrong.

In the meantime the prosecution is working just as hard to show that they are of excellent intellect, and that they did know and now know right from wrong.

UNWED MOTHER WINS THE FIGHT TO GAIN CHILD

FANNY LOCKWOOD APPEALED TO THE ST. LOUIS COURT

ALLEGED FATHER DENIED, ADMITTED AND DENIED PATERNITY

(By United Press)

St. Louis, Mo., June 14.—Fanny Lockwood, pretty 18-year-old unwed mother, today won her fight to obtain a foundling she claimed was her illegitimate son. She had not seen the baby since two weeks after it was born last December, and she was unable to identify it positively as hers.

Judge Erwin, in domestic relations court, granted her plea for a writ of habeas corpus giving her the child.

In a statement the judge declared the child was her child and denied allegations that Fanny was unfit to care for the child, as made by the City Board of Children's Guardians and by the man Fanny charged was the father of the child.

The court said nothing in the six-day testimony of the hearings supported the statement of Thomas Poepping, opera chorus man, that he took the baby because he feared Fanny would kill it. The judge said nothing of the paternity of the child, which was denied by Poepping, later admitted and then denied again. He said, however, that there was nothing to support Poepping's statement that Fanny had admitted relations with other men than himself.

MAN ARRESTED WITH BLOOD SPATTERED BILLS

PAUL WAGE, OF TULSA, CHARGED WITH CARRYING $,1000 AND $500 BILLS

MAN NAMED J. H. WAYNE, WITH 3 BULLET WOUNDS, IN CUSTODY

(By United Press)

Chicago, June 14.—Paul Wage, Tulsa, known as a police character, was arrested here today in connection with the hunt for the bandits who late Thursday night held up and robbed a Chicago, Milwaukee & St. Paul mail train of currency and securities estimated up to $2,500,000.

Police announced they found a $1,000 bill and a $500 bill on his person. The money, they stated, corresponds to the description of the bills seized by the robbers. The bills were blood spattered. One of the robbers was seriously wounded by a fellow-bandit when he was mistaken for a mail guard.

A man and woman giving the names of Mr. and Mrs. Walter McComb also were arrested.

In addition to these arrests police also took into custody a man giving the name of J. H. Wayne. Wayne had three bullet wounds. He said he was shot by a woman several days ago. Another man, giving the name of J. Mahoney, was arrested in a flat not far from the place where Wayne was taken.

All the prisoners are being held incommunicado.

Police said they are confident of rounding up the entire bandit gang and recovering the loot within the next 24 hours.

A. E. Germer, chief postal inspector, announced this afternoon he had definite information that the amount of the loot would total $3,000,000. Of this amount Germer said $100,000 was in cash and much of the balance was in negotiable securities. The First National Bank of Chicago had $175,000 and the Federal Reserve bank $172,000 in negotiable securities in the stolen mail pouches, Germer said. Two of the postal clerks identified two of the suspects under arrest as members of the bandit gang, Morgan A. Collins, Chicago chief of police, announced. Collins did not give the names of the two identified.

"We are on the right track now, for sure," Collins said, "and will have every member of the band under arrest before Sunday night."

BELVIDERE, ILL., THINKS IT HAS CLUE

Belvidere, Ill., June 14.—Belvidere has furnished a leading clue in the case of the score of robbers who held up the Chicago, Milwaukee & St. Paul mail train Thursday night, escaping with loot estimated at close to $3,000,000.

Belvidere police learned last night at a local grocery store that a car containing several men passed thru this city about 7 o'clock yesterday morning on the Grant highway going west toward Rockford. Police at that time had not been notified of the mail holdup and consequently were not on the watch for suspects. The authorities here were led to believe that the bandits were headed for Gray's Lake at Wauconda, then would hit for the Grant Highway and the region of the lakes of southern Wisconsin by way of Rockford.

HIGH COURT O. K.'S $23,000 VERDICT

St. Paul, June 14.—The supreme court affirmed a $23,800 verdict given J. F. Perkins, Cokata, for injuries sustained Sept. 16, 1920, while employed by the Great Northern.

He sued for $80,000, alleging he was hurt because of the failure of a safety device.

The railway appealed from the decision of the Stevens county court.

ELKS FLAG DAY EXERCISES SUNDAY

Made a Part of the Lodge's General Program Including Also Annual Picnic June 15

AT BREEZY POINT LODGE

Large Attendance Expected of Elks, Their Families and Friends, Many Coming From Range

Tomorrow the Elks of Brainerd Lodge No. 615, their families and friends will enjoy their annual picnic, which at the same time features Flag Day exercises, and all will take place at Breezy Point Lodge on the picnic grounds located in a beautiful grove in the vicinity of the row of St. Paul named cottages.

There will be guides at the lodge entrances to direct cars to the picnic location. The events of the day start with the Flag Day exercises at 11 A. M. Lodge officers have charge of the ceremonies. Elks of Breezy Point Lodge and other resorts will be present at the ceremonies.

The "History of the Flag" will be given by Past Exalted Ruler J. J. Nolan and the "Tribute to the Flag" by Hon. Edward P. Scallon of Crosby. The Elks quartet will sing.

The picnic lunch will follow, and other amusements. At 2:30 a baseball game between the Brainerd Elks team and the Pequot nine will be played at the Pequot fair grounds. The winning team gets $25, the losers $15.

Picnickers will then journey back to Breezy Point Lodge to eat their supper picnic lunch. The Breezy Point cafe is open day and evening and those who wish meals may purchase them there.

From 7:30 to 10:30 P. M. the Mitzi orchestra will entertain in the pavilion. In case of rain Flag Day exercises will be held in the pavilion.

Monitor and Merrimac.

On May 15, 1862, in company with the Galena, the Naugatuck, Port Royal, and Aroostook, the Monitor participated in an unsuccessful attempt to capture Richmond, and on December 31, 1862, while en route to Beaufort, N. C., she foundered in stormy weather off Hatteras, four officers and seventeen men being drowned. The Merrimac was destroyed when the Norfolk yard was evacuated by the Confederates on May 11, 1862.

May Talk With Mars

As Mars nears the earth, scientists will attempt to communicate with her possible inhabitants by means of powerful light rays. This attempt will be made in August from the heights of the Jungfrau, 14,000 feet up in the Alps. Light signals will be sent out by a powerful lens, the snows of the peaks acting as reflectors.

The theory that Mars is inhabited by a highly intelligent class of people was first evolved in 1877 after Schiaparelli, the Italian scientist, found a series of long and regular straight lines on Mars which he believed were artificial canals. A few years ago color was lent to the theory by Marconi, who, in receiving strange wireless signals from an apparently unearthly source, said that they might have come from Mars.

Oh, These Economies!

A young man, student at Butler college, who prides himself exceedingly on being a "man's man," is studying to be a teacher, and, accordingly, he gets opportunity to do some practice work in a local high school.

Recently he had been giving some time to a girl pupil, who was somewhat backward in her studies. She liked to talk about other things than her studies, and he had a hard task to hold her to the point at issue. On one of these restless occasions, she tried to obtain some information about him.

"And you go to Butler?" she asked. "What are you studying?"

"Sociology and economics," he replied.

"Oh, you mean cooking?" the girl asked.—Indianapolis News.

Rats Foster Mites

Government scientists have discovered another reason for getting rid of rats. It is a blood-sucking mite allied with rats that is making things annoying and dangerous for man in our southern states. Certainly, when they park on a man where his clothing is tight, their bites are painful and their crawling and running about annoying. It has been found that the way to repress the mites is to kill off rats and spray rat nests with kerosene.

To the Voters of Brainerd:

The Board of Education is confronted with the very serious problem of the matter of a New High School Building. The High School population has greatly outgrown the school building facilities, and additional school rooms must now be provided. In order to guide the Board in their future actions, they desire to have the views of the voters of the City and consequently are submitting the following informal ballot.

The need for immediate action of some kind is imperative. The matter is of such vital interest to the City for years to come that every voter should carefully inform himself as to the school needs both for the present and future and vote thoughtfully and intelligently in the interests of the whole city of Brainerd.

In order that you may understand the ballot to be used at the polls this sample ballot is offered for your consideration.

One point should be clearly understood, namely, that with the best possible speed, if either project is approved, no increase can possible appear on tax statements before 1926 at the earliest.

The following will be the form of the ballot which will be presented to you at the polls, on June 16:

INFORMAL SCHOOL BALLOT

For the information of the Board of Education of the Brainerd School District please indicate your views by placing an X opposite one of the following propositions:

Erect a New High School Building on a site to be selected by the voters on a later ballot from at least two sites and also build an addition to the Lowell Building, the entire expenditure not to exceed $375,000.	Vote for One
Expend approximately $150,000 on additions to the present High School and Lowell Buildings instead of undertaking a new High School Building.	

THE C. MAGNUS SCHUT Z CONCERT COMPANY
A Superb Mixed Quartet

For a number of years C. Magnus Schutz, one of Chicago's foremost bassos, was a member of the famous Chicago Operatic Company. This year he has organized a mixed quartet of that same type, including among the members two other former members of the Chicago Operatic Company, Miss Grave Holverscheid, soprano, and Miss Florence Lucas, contralto. With Mr. Schutz as bass, and Edwin Kemp, tenor, the organization offers a rare combination of voices which will insure a popular reception everywhere. Robert L. Sanders, a young composer of some note, will add strength to the organization as accompanist.

This attraction will be one of the features of the Brainerd Chautauqua at the New Park thetare, Tuesday afternoon and evening June 24.

Black and White Satin, Checked and Printed, Is Used in These Striking Two-Piece Bathing Suits

Black and white printed satin was the material employed in making the suit shown at the right. The bloomers, which are just a trifle longer than the rest of the suit, are trimmed with several rows of narrow black ribbon. A bandeau of the same material is worn around the hair and sheer silk stockings give the finishing touch. The other suit is of black and white checked satin. There is a sash and cap of similar material.

"13" IS LUCKY FOR POWER CO.

Having secured 11 good employees from Dakota Business College, Fargo, the Northern States Power Co. didn't hesitate to bring the number up to 13, when two new men were needed recently. W. O. Berg and J. G. King were engaged the very day they finished their D. B. C. courses.

Dakota-trained people are always in demand. About 150 have been employed by the Standard Oil Co and 65 by the International Harvester Co.

WHY LOWDEN REFUSED

FORMER GOVERNOR FRANK O. LOWDEN, who was offered the nomination of vice president on the republican ticket, refused the honor and gave his reasons. In examining into his reasons, the Dispatch takes issue with his argument. In days of old the vice presidency was a sort of cloistered job with no chance for self-expression. Even former Vice President Marshall, who tried to enliven the sedate senate gatherings with flashes of humor, said the office holder sometimes had a nickle cigar named for him.

When President Harding assumed the presidency, things changed. He asked the vice president to sit in cabinet meetings. He consulted him as he did his other advisors. The office was made one of real value to the nation. It was this preparatory experience which gave Coolidge a broad vision of the nation before he stepped in the shoes of the late president.

And how does America treat its presidents? Work has piled up so much that it well nigh kills a conscientious man. The vice president will be compelled to share some of this work and responsibility with his team mate.

Opposed to the Dispatch argument is that of Mr. Lowden's who remarked: "The office of vice president is not important enough; there's too much fuss and feathers about it and I'm not the kind of a man who can be happy in that kind of a job.

"There has never been a vice president so far as I know who has accomplished anything big," Mr. Lowden added in his interview with the United Press. "I can accomplish much more as a private citizen than as vice president. My heart is wrapped up in agriculture on a broad scale and I shall stick to it.

"This is not the first time I have been offered an important post. I have rejected cabinet and ambassadorial offers, and I intend to stay right here and work for the interests of agriculture. I shall give my full support to the ticket."

Of course, if a man is in such a frame of mind, he cannot well accept the vice presidency.

On the other hand, with Dawes nominated, will Dawes sit back in seclusion and wait for something to happen. In a great emergency, when pressed with a staggering overload of work, we glimpse the time when President Coolidge, for we are certain he will be elected, will call in his energetic companion to assist in special work.

With Dawes as a vice president, too much talent would be buried under the old system of not calling on the office to do things. With Dawes as an active vice president, assisting where needed, the president has at hand a man with a history for doing things, for achieving results, a man with a vision broad enough to encompass even Europe, a man who requires no trip to Europe to familiarize himself with conditions there.

The Dispatch believes that if the Coolidge-Dawes ticket is elected, that it will see the duties of the vice presidency so broadened as to be of real benefit to the nation at large.

SHOWED GOOD SENSE

THE St. Paul Daily News in referring to Senator Magnus Johnson's recent course regarding the coming third party convention said he showed excellent judgment in shying at this convention to open in St. Paul next week.

He promised to make a speech at the gathering, but announces that he wants to see first the extent of communist participation in the meeting before he decides whether or not to keep his promise.

There is no doubt that this assemblage will be largely a communist and extreme radical affair, says the St. Paul Daily News. This much was evident at the two gatherings in St. Paul of men who called the convention. Further evidence is seen in the repudiation of the convention by Senator La Follette and Samuel Gompers, as well as numerous organizations throughout the country.

Those in charge of the meeting could have made of it a real third party movement by using even a fair degree of political sense. But they threw sense to the winds and went at the thing apparently with their eyes shut.

They have got exactly what they deserve. Perhaps some of these days it will dawn upon them that there is no place in Minnesota, nor in the nation, for communist doctrine or the advocates of revolutionary policies in any form.

STATE FIRE LOSSES SHOW INCREASE

STATE FIRE MARSHAL B. L. KINGSLEY has compiled his annual report and shows fire losses increasing. Last year they amounted to $8,237,551, an increase of almost $2,000,000 over 1922.

Carelessness contributed to a percentage of the fire causes. Of 3,025 fires classified, under 61 headings, 315 were caused by defective chimneys, causing an aggregate loss of $244,694. Defective wiring caused losses amounting to $1,530,827. Smokers' carelessness caused 105 fires and a property loss of $401,375. Dwellings lost amounted to 1,476, with losses of $1,850,598.

He claims the wood shingle roof is a menace and will recommend to the next legislature the enactment of a law to prohibit anything but fire-resisting material on roofs in the future.

The total fire loss of last year may be pictured in your mind when you realize, as stated by Mr. Kingsley, that it would pay for building 1,657 homes at $5,000 each, which would provide shelter enough for a city of 25,000 inhabitants.

Or, expressed in terms of paving, the money lost would build more than 305 miles of concrete paving.

The cause of fire prevention contines to loom as one of the important duties of citizenship. Every recommendation made by the state fire marshal should be carefully heeded. Fires caused by carelessness represents waste in its most serious form, causing almost irreparable damage.

BASS SEASON OPENS SUNDAY

THE bass season opens Sunday, June 15, and will be heralded with full attendance at all waters harboring this game fish. Local sportsmen, of course, will be out in force and so will big parties of visiting anglers. One of the most prominent of the latter comes with officials of the State Game and Fish Commission who will have their outing at Lake Edwards.

The Brainerd Lake Region of 700 lakes is one of the most important sectors of the 10,000 lakes of the state. It has the scenery, the beauties of nature, the good roads, cheap gasoline, railway service, the resorts and the fish. What more can any man ask? If that doesn't constitute a sportsman's paradise, we wonder what the qualifications are.

Mr. Editor:

It was contended that it was illegal for the county commissioners to ask for an expression of the voters as to the continuance of the employment of the "County Agent" and "County Nurse", but it seems to be legal for the school board to ask for an expression as to the wishes of the people in regard to a new school building.

He repeated this performance several times.

MINNESOTA SPECIAL AGRICULTURAL TRAIN

Scheduled to be in Brainerd on Friday Evening, June 27

LECTURES TO BE GIVEN

Talks on Land Clearing, Livestock Improvement, Farm Building Plans, Etc.

The "Minnesota Special" agricultural train, scheduled to be in Brainerd the evening of June 27th, will carry a department of feeds and feeding for dairy cattle, a feature not originally included with the train.

This department will be under the direction of specialists from the department of agriculture of the University, and lectures will be given by special speakers in the localities visited by the train.

This train will be in Brainerd on Friday evening of that week only, at which time a series of lectures will be given on board the cars, talks on land clearing, cut-over land development, livestock improvement, farm building plans and farm implements for this section of the state.

The special started its tour on last Monday, and will cover thirteen counties in Northern Minnesota, completing the trip on July 2nd. It will be in Backus on June 26th, and at Crosby on June 28th, giving Crow Wing County meetings in two places.

At Crosby the train's land-clearing equipment will be moved to a farm about midway from that town to Deerwood, where demonstrations will be given in the use of war explosives, stump pullers, tractors, brush plows and other land clearing devices.

The lectures at Brainerd and the demonstrations at Crosby are of special interest to all farmers in the county, and it is hoped that they will make a special effort to attend both meetings. Much interest and large attendance have been the result of such demonstrations in the past, and with the present land clearing program coupled with the dairy movement, there should be even greater interest displayed.

County Agent E. G. Roth will be glad to give detailed information regarding the "Minnesota Special" to all farmers who are not familiar with what the train has to offer.

GIRL SCOUTS AS HOSTESSES

Honor Guest Was Miss Lucille Cutler on Wednesday Evening

LEAVES SOON FOR BOONE, IOWA

Evening Pleasantly Spent in Playing Games, Refreshments Served

The Girl Scouts of Brainerd were hostesses to Miss Lucille Cutler on Wednesday evening at the First Congregational church. The party was given as a farewell to Miss Cutler, who is soon to leave with her parents for their new home in Boone, Iowa.

The evening was most pleasantly spent in playing games, after which ice cream and dainty wafers were served by a committee of Scouts. The party was chaperoned by Miss Alice Johnstone.

The local Scouts regret very much to have Miss Cutler leave Brainerd, as she has been a true Girl Scout and more advanced in her work than any of the others. By her diligence and interest in Scout work she has secured her Scout badges in the following: gold star, attendance, cooking, health winner, needle woman and musician. She has passed the tenderfoot and second class tests and the local Scouts only wish that she were able to pass her first class tests here, but on account of leaving so soon she will be unable to do so.

The party closed after wishing Miss Cutler success in her new home, and with the hope that she will always be one of them, a true, loyal Scout.

Also, I stand for a sensible modification of the Volstead act which will permit beer and light wines. I believe there is no harm in a good glass of beer and that it will help to check the moonshine traffic.

MINNESOTA SPECIAL AGRICULTURAL TRAIN

Scheduled to be in Brainerd on Friday Evening, June 27

LECTURES TO BE GIVEN

Talks on Land Clearing, Livestock Improvement, Farm Building Plans, Etc.

The "Minnesota Special" agricultural train, scheduled to be in Brainerd the evening of June 27th, will carry a department of feeds and feeding for dairy cattle, a feature not originally included with the train.

This department will be under the direction of specialists from the department of agriculture of the University, and lectures will be given by special speakers in the localities visited by the train.

This train will be in Brainerd on Friday evening of that week only, at which time a series of lectures will be given on board the cars, talks on land clearing, cut-over land development, livestock improvement, farm building plans and farm implements for this section of the state.

The special started its tour on last Monday, and will cover thirteen counties in Northern Minnesota, completing the trip on July 2nd. It will be in Backus on June 26th, and at Crosby on June 28th, giving Crow Wing County meetings in two places.

At Crosby the train's land-clearing equipment will be moved to a farm about midway from that town to Deerwood, where demonstrations will be given in the use of war explosives, stump pullers, tractors, brush plows and other land clearing devices.

The lectures at Brainerd and the demonstrations at Crosby are of special interest to all farmers in the county, and it is hoped that they will make a special effort to attend both meetings. Much interest and large attendance have been the result of such demonstrations in the past, and with the present land clearing program coupled with the dairy movement, there should be even greater interest displayed.

County Agent E. G. Roth will be glad to give detailed information regarding the "Minnesota Special" to all farmers who are not familiar with what the train has to offer.

GIRL SCOUTS AS HOSTESSES

Honor Guest Was Miss Lucille Cutler on Wednesday Evening

LEAVES SOON FOR BOONE, IOWA

Evening Pleasantly Spent in Playing Games, Refreshments Served

The Girl Scouts of Brainerd were hostesses to Miss Lucille Cutler on Wednesday evening at the First Congregational church. The party was given as a farewell to Miss Cutler, who is soon to leave with her parents for their new home in Boone, Iowa.

The evening was most pleasantly spent in playing games, after which ice cream and dainty wafers were served by a committee of Scouts. The party was chaperoned by Miss Alice Johnstone.

The local Scouts regret very much to have Miss Cutler leave Brainerd, as she has been a true Girl Scout and more advanced in her work than any of the others. By her diligence and interest in Scout work she has secured her Scout badges in the following: gold star, attendance, cooking, health winner, needle woman and musician. She has passed the tenderfoot and second class tests and the local Scouts only wish that she were able to pass her first class tests here, but on account of leaving so soon she will be unable to do so.

The party closed after wishing Miss Cutler success in her new home, and with the hope that she will always be one of them, a true, loyal Scout.

LUTHER LEAGUE CONVENTION OPENS

Rev. O. E. Clauson, President of District, Gave Opening Address

REV. SAMUELSON RESPONDS

Brainerd-St. Cloud District is Made up of Twenty Luther Leagues

The Brainerd-St. Cloud district Luther League convention opened in Brainerd on Friday evening at eight o'clock at the Clara Lutheran church Rev. O. E. Clauson, president of the district, gave the opening address, followed by an address of welcome by the local pastor, Rev. August Samuelson. The choir of Clara Lutheran church rendered two selections.

Saturday morning a devoted prayer session was held from nine o'clock until nine-thirty, being largely attended by delegates. At 9:45 o'clock the business session of the district was opened by the president, Rev. O. E. Clauson, of St. Cloud, who gave a very interesting report on what the Leagues have done in the past year.

The treasurer, R. N. Lindberg, of Brainerd, gave a report on what the Leagues have done financially during the twelve months just past. The statistician of the district, F. W. Molgren, gave his report of the various Leagues in the district, showing that the interest is growing within the young people for the furtherance of the good work.

The Brainerd-St. Cloud district is made up of twenty Luther Leagues, having an active membership of about 650 young people. These Leagues contributed about $2,000 to their home congregations, $200 to missionary work, and $200 to aid the students who are taking up the ministry.

The work which lies before these different Leagues this year is great, and will mean much hard labor.

A resolution was past that the Luther Leagues of the Brainerd-St. Cloud district should have exchange of programs during the coming year, so that the young people can learn to know who is who in the district. A number of other tasks were laid before the Leagues to accomplish during the coming year.

The following officers were elected for the coming year:

President—Rev. August Samuelson, Brainerd.

Vice President—Rev. O. G. Berg, Milaca.

Secretary—Miss Jennie R. Beck, Brainerd.

Treasurer—Signe Kallin, St. Cloud

Statistician—Miss Jennie Dahlin, Milaca.

F. W. Molgren was reappointed to act as representative for the "Student Aid Fund." Rev. August Samuelson of Brainerd and Rev. Walter Lindberg of Upsala, were elected as delegates to the state conference of Luther Lagues, to be held at Mankato, Minn.

PHYLLIS HAVER and LEON BARRY in "THE TEMPLE of VENUS"
A WILLIAM FOX SPECIAL PRODUCTION

"The next time you hear a woman criticise a pretty girl on the beach for the brevity of her costume, give the critic a careful once-over," remarked Phyllis Haver, who wears one of those costumes in the William Fox production "The Temple of Venus," which comes to the Lyceum Theatre Sunday for three days.

"I've never seen it fail," continued the philosophical Phyllis, "that such a critic could'nt possibly wear one of the costumes to which she objects. She couldn't even stand the sight of herself in it in the privacy of her boudoir. Every time she looks into a mirror she shudders and you can't blame her.

"She's the kind of woman who calls 'em piano limbs because she refuses to acknowledge the existence of legs. She is so modest (to hear her tell it)—this is an inside—that she blushes at a bear skin rug."

BUSTER KEATON in "THREE AGES"

Keaton Shows Defects of Cave Man Courtship

The cave-man method of wooing a fair lady was much more direct than the modern system, but it had certain defects of its own. The mortality rate was higher.

On the other hand divorces were very much more simple. But it was almost always fatal to the man.

Buster Keaton, whose first feature comedy-drama, "Three Ages" a Metro picture in six reels, showing at the New Park tonight and Sunday, has that and more to say about the art of love. And he ought to know as he completed an exhaustive and painful study of the problem in his picture which skips brilliantly from the cave era to the Roman era and down to our own age.

Eggs and Quilt Set Lyceum Aroar

Two of the most excruciatingly comic elements that this year has brought to light on the silver sheet were seen for the first time last night at the Lyceum Theatre, where William Russell's new William Fox production, "Times Have Changed," opened for an engagement of two days. Mabel Julienne Scott is in support.

These are eggs and a quilt.

The quilt is an heirloom of an aristocratic New Jersey family. The head of the family worships it. An irresponsible young scion of the family lends it to a friend.

A wily Italian letters explosives on his egg wagon for protection against careless motorists.

"Times Have Changed" has its last showing tonight.

Vaudeville at New Park Tonight and Sunday at Regular Prices

"The Baby Follies," a high class vaudeville act consisting of four little girls with blonde curls who sing, dance and talk, will be presented in conjunction with Buster Keaton in "Three Ages" at the New Park tonight and Sunday at regular prices.

COUNTY ROADS ARE REVIEWED

Because of Recent Rains and Maintenance Work Are in Good Condition

SUNDAY TOURS NUMEROUS

Information on Roads Given Out by County Highway Engineer Murphy

Roads throughout the county, because of the recent rains and the maintenance which has been given them, are generally in very good condition according to the report that County Highway Engineer Walter M. Murphy gives out for the convenience of week end motorists who may be planning tours.

State Road No. 1. (Thirteenth street to Morrison county line) This road is in very good condition. Maintenance men dragged it after the rain of Friday.

State Road No. 2. (Dewing Highway through southern tier of townships in county) This road is well dragged, though narrow. A cut-off is to be made through Platte Lake township. Bids on this work were opened and rejected at the last meeting of the county commissioners, and bids have been again advertised.

State Road No. 3. (Brainerd, Merrifield, Cross Lake, Emily) Mill avenue in Northeast Brainerd, very good. Mississippi river bridge north to Senn's corner, good, to Merrifield, rough, though very passable. Four miles from Merrifield south has been clayed and the blind curve cut down to give a clear vision. All curves have been widened. Merrifield to Cross lake, very good, next two miles, sandy, balance of way to Emily, excellent.

State Road No. 4. (Crosby, Emily to Cass county line) Crosby to Mississippi river bridge, road winding and narrow, one and one-half miles of road just south of the bridge is to be reconstructed, contract being let to John Humphrey, and work to start within next two weeks. Approaches to the bridge have been completed and are in fine condition. Bridge north to Fairfield township line, good. Grader has smoothed out this portion. To Emily excellent, Emily to Cass county line road has been recently widened and graded with county equipment and by county forces.

State Road No. 5. (Deerwood, Bay lake and south) Deerwood to Bay lake, excellent, Bay lake south over new construction to Workman corner on Trunk highway No. 18, excellent, and one of the prettiest drives in the county.

White line roads throughout the county are excellent. These roads are now being marked, with markers designed by the county highway engineer and prepared by his men. The markers are being placed as rapidly as they are ready.

Trunk highways in the county, with the exception of Trunk Highway No. 27 from Brainerd to Belle Prairie, are in good condition. No. 27 is to be abandoned as a trunk highway as soon as the connection link between Belle Prairie and the Thirteenth street road, through Morrison county is completed, which is expected will be in about two weeks.

Borrowed a Ford

Mostly every one has a Ford but evidently there is someone in the community who is a little behind the times as a Ford roadster belonging to C. P. Cocks of Brainerl was taken Monday night after the hour of 11 o'clock. For a time it was suspected that the car had been stolen but this seems incredible as never in the history of Walker has a car been stolen. Tourists and local citizens alike leave their cars parked in convenient places and rest in peace, feeling secure in the belief that past history will repeat itself and flivvers will not be molested.

When Mr. Cocks discovered his loss he immediately notified Sheriff Morical and the drag net was set. Later in the day Mr. Cocks caught a ride to Akeley and when near that village found his car parked along side the road with the cylinder oil drained. The car was headed toward Walker. The owner sent word to the Sheriff of his find but the Sheriff is still busy on the case and intends to solve the problem in due time. Either local people or outsiders must learn that the authorities will not allow such liberties to be practiced in this community.—Walker Pilot.

Information on Roads Given Out by County Highway Engineer Murphy

Roads throughout the county, because of the recent rains and the maintenance which has been given them, are generally in very good condition according to the report that County Highway Engineer Walter M. Murphy gives out for the convenience of week end motorists who may be planning tours.

State Road No. 1. (Thirteenth street to Morrison county line) This road is in very good condition. Maintenance men dragged it after the rain of Friday.

State Road No. 2. (Dewing Highway through southern tier of townships in county) This road is well dragged, though narrow. A cut-off is to be made through Platte Lake township. Bids on this work were opened and rejected at the last meeting of the county commissioners, and bids have been again advertised.

State Road No. 3. (Brainerd, Merrifield, Cross Lake, Emily) Mill avenue in Northeast Brainerd, very good. Mississippi river bridge north to Senn's corner, good, to Merrifield, rough, though very passable. Four miles from Merrifield south has been clayed and the blind curve cut down to give a clear vision. All curves have been widened. Merrifield to Cross lake, very good, next two miles, sandy, balance of way to Emily, excellent.

State Road No. 4. (Crosby, Emily to Cass county line) Crosby to Mississippi river bridge, road winding and narrow, one and one-half miles of road just south of the bridge is to be reconstructed, contract being let to John Humphrey, and work to start within next two weeks. Approaches to the bridge have been completed and are in fine condition. Bridge north to Fairfield township line, good. Grader has smoothed out this portion. To Emily excellent, Emily to Cass county line road has been recently widened and graded with county equipment and by county forces.

State Road No. 5. (Deerwood, Bay lake and south) Deerwood to Bay lake, excellent, Bay lake south over new construction to Workman corner on Trunk highway No. 18, excellent, and one of the prettiest drives in the county.

White line roads throughout the county are excellent. These roads are now being marked, with markers designed by the county highway engineer and prepared by his men. The markers are being placed as rapidly as they are ready.

Trunk highways in the county, with the exception of Trunk Highway No. 27 from Brainerd to Belle Prairie, are in good condition. No. 27 is to be abandoned as a trunk highway as soon as the connection link between Belle Prairie and the Thirteenth street road, through Morrison county is completed, which is expected will be in about two weeks.

Borrowed a Ford

Mostly every one has a Ford but evidently there is someone in the community who is a little behind the times as a Ford roadster belonging to C. P. Cocks of Brainerl was taken Monday night after the hour of 11 o'clock. For a time it was suspected that the car had been stolen but this seems incredible as never in the history of Walker has a car been stolen. Tourists and local citizens alike leave their cars parked in convenient places and rest in peace, feeling secure in the belief that past history will repeat itself and flivvers will not be molested.

When Mr. Cocks discovered his loss he immediately notified Sheriff Morical and the drag net was set. Later in the day Mr. Cocks caught a ride to Akeley and when near that village found his car parked along side the road with the cylinder oil drained. The car was headed toward Walker. The owner sent word to the Sheriff of his find but the Sheriff is still busy on the case and intends to solve the problem in due time. Either local people or outsiders must learn that the authorities will not allow such liberties to be practiced in this community.—Walker Pilot.

ALFALFA AND MARL DAY ON JUNE 24

To be Observed at Crow Wing Experimental Field on Trunk Highway No. 27

8 MILES SOUTH OF BRAINERD

All Interested in Farming Sandy Lands Should be Sure to Attend

"Alfalfa and Marl Day" is to be observed on Tuesday, June 24th, at the Crow Wing experimental field, on Trunk Highway No. 27, eight miles south of Brainerd. A fine program has been arranged in charge of experts from the university farm, in whose charge the field is conducted.

County Agent E. G. Roth urges that all who are interested in the farming of sandy lands in Crow Wing Cass or Morrison counties, or in the prosperity of the farmers on the lighter soils in these counties, attend the observance of "Alfalfa and Marl Day," for which a very interesting program has been arranged.

Mr. Roth states that some sandy soils have naturally plenty of lime; on others, even though alfalfa can be grown without any application, liming is profitable; and on still others it is indispensable. Of course there are fields where there is little hope of profitable returns from alfalfa even with liming.

In general, says the county agent, the character of the subsoil to a depth of ten feet or more and the distance from the water table are more important than the character of the surface soil.

The following program has been arranged for the day:

Morning

10 to 12 o'clock—Inspection of plots on experimental field and on adjacent peat lands.

Afternoon

1:30 o'clock—Short program of addresses, explaining the purpose and character of the work being carried on by the university on alfalfa, soils, and marl of this county.

3:00 o'clock—Tour of inspection of plots on the experimental field.

3:15 o'clock—Demonstration of application of marl, using lime-spreader and manure-spreader.

Demonstration of preparation of seed bed and proper seeding of alfalfa using cultipacker.

Demonstration of methods of locating, identifying and exploring marl beds, methods that may be used by any farmer.

Bottles of acid for testing marl will be given away to visitors, so that they may at once begin hunting for marl on their own farms or those of their neighbors.

There is much of interest to see at the experimental field, all of which will be carefully explained by university farm experts. There are approximately 300 plots of alfalfa, sweet clover, mammoth clover, medium red clover and alsike, some without and some with marl, ground limestone, limestone screenings, potash, phosphate, gypsum and stable manure at different rates and in various combinations.

Alfalfa may be seen that was seeded in 1922, as well as alfalfa and the different clovers that was seeded in 1923 and 1924. Farmers are asked to view these plots, and to decide for themselves which is the most promising on such light soils.

H. H. Cowan of H. J. Heinz Co., Makes Final Plans for Cucumber Crop

NEW SALTING DEPOT

Work on This Structure, on N. P. Right of Way, to Start Early Next Week

H. H. Cowan, of the H. J. Heinz Pickle Co., is in the city today, making final arrangements for the handling of cucumbers that will be raised in the vicinity of Brainerd this summer.

The salting depot will be located just east of North Tenth street along the Northern Pacific right-of-way. Work on this building is expected to start the first of next week.

The depot will be equipped with about twenty tanks. The capacity of these tanks has not been decided, but in other cities, according to Mr. Cowan, they run from 200 gallons to 8,000 gallons each. Those installed at Brainerd will be large enough to take care of the 160 acres of cucumbers that have been contracted with the farmers in this section.

Most of this acreage has been planted, and a part of the crop is already up. Those farmers who have not as yet sown their seed, are advised to do so at once, following the directions issued by the company.

BRAINERD DOCTOR GAINS COVETED TITLE FRIDAY

BROKE 195 OUT OF A POSSIBLE TWO HUNDRED BIRDS

JAMES CLEARY, JR., OF BRAINERD, TIED FOR SECOND PLACE

Breezy Point Lodge, Pequot, Minn. June 14.—Dr. Roy H. William, of Brainerd, won the amateur trapshooting championship of Minnesota at the state tournament here, breaking 195 out of a possible 200. He also had a high run of 121.

Twenty-year-old James Cleary, Jr., of Brainerd, tied for second place with the veterans Charles McDonald of Delano and J. S. Frink of Worthington, each scoring 191.

The state professional title went to E. W. Renfro, Minneapolis, who broke 197. His high run was 131. Only Minnesotans were eligible for these events.

John Harker, Minneapolis, was the second best professional, with a score of 196.

High marks by shooters of Canada and other states included C. C. Plummer, Swan River, Manitoba; W. G. Warren, Huntington Park, Calif.; and Joe Dawson of Omaha, with 197 each.

Young Cleary was going good Friday until the sudden squall, wind and rain descended. The targets could not be guaged well and Cleary dropped a few on that account, otherwise he would have been still closer to Dr. Williams or might have tied with him.

The state amateur distance handicap is being contested for today and promises to be a brilliant contest, as weather conditions are ideal and there is no indication of rain.

Yesterday afternoon the shooters' wives were entertained at a bridge party of 15 tables, Mrs. W. H. Fawcett, owner of Breezy Point Lodge, being the hostess.

Tonight a dinner in honor of the champions, given by Breezy Point Lodge, will close the tournament. Lieutenant Governor Louis L. Collins will be the toastmaster. All the winners of the various championship events will be present and receive their trophies. A wonderful musical program and talks are scheduled.

CINDER PATH TO OLYMPIC GLORY LOOMS

AMERICAN DELEGATION SAILS ABOARD "AMERICA" TODAY

TRIAL HEATS SHOWED MUCH TALENT IS AVAILABLE

(By United Press)

Cambridge, Mass., June 14.—The cinder path to Olympic glory stretched ahead for some four score of young America's greatest athletes today.

The American delegation, which will sail for Paris aboard the liner America on Monday, will be selected today. Upon the result of the finals this afternoon depends each athlete's chance of winning the coveted starry shield.

Yesterday's trial tests showed that there was more than enough talent to go around. The East has the largest representation in the finals, but the middle west and Pacific coast, with some sure place winners among their standard-bearers, are not far behind.

The day dawned overcast, with a promise of uncertain weather this afternoon.

It seems probable that Jackson V. Scholz, who broke the world's record for the 200-metres in easy fashion, would be the winner in both the sprints.

Cold Water Purifier

Place a pitcher of cold water on a table in your room and it will absorb all impurities in the air. In a few hours a pitcher or pail of cold water—the colder the more effective—will make the air of a room pure, but the water will be entirely unfit for use.

And There You Are

Little four-year-old Dorothy had learned the Bible text, "Love one another" at Sunday school. She repeated it after returning home and her mother asked her whether she knew what it meant. "Why, of course I do," she replied. "It means that I must love you, and you must love me; I'm one and you're another."

CURTAIN FALLS ON FRENCH BOXERS

By FRANK GETTY

New York, June 14.—The ring careers of the two best fighters France has developed came virtually to an end within 48 hours.

Georges Carpentier, former world's light heavyweight champion, ended his at Michigan City when he lost somewhat ignominiously to Tommy Gibbons.

Two days later, Eugene Criqui, gallant featherweight who lost his title in that division to Johnny Dundee here last year, foreswore the ring forever after a knockout at the hands of Danny Frush.

Carpentier may go on fighting; probably he will win some more bouts before he finally passes out of the picture. But his last chance for real ring fame ended when he took a bad beating from Gibbons on Decoration Day.

Poor Gene Criqui is definitely through. No one who saw the brave fight he put up against Dundee in New York, staggering, blinded, about the ring and refusing to quit, can help but sympathize with the stout-hearted little Frenchman when he says:

"I'm through. You won't see me getting knocked out from ring to ring. A better man beat me (this was after the Frush fight in Paris) and I've no excuse. No broken hands—no broken heart.

"I've had my day, been champion of the world. Now I'm not good enough any more. I'll have gone back to the United States and had another trial for the title if I'd beaten Frush, but I couldn't."

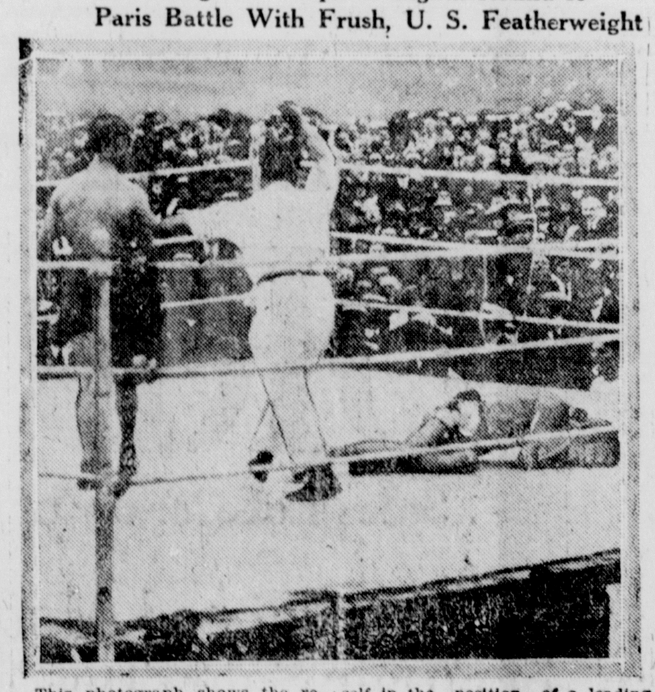

Thus passes Criqui, a fighting Frenchman. Gene was a real fighter, maimed in the world war so that his whole jaw was shot away. Surgeons patched him up, putting a sheep's bone in place of the little fighter's jaw.

Criqui returned to the ring, fought his way to the top, despite his wounds, came to this country in 1923 and won the world's featherweight title by knocking out Johnny Kilbane. Then came the match with Dundee. Instead of returning to France to gather in plaudits and francs as world's champion, Criqui consented to meet the Scotch-Wop a few weeks after the Kilbane fight. He received a terrible beating, from which he never recovered.

* * * * * * * * *

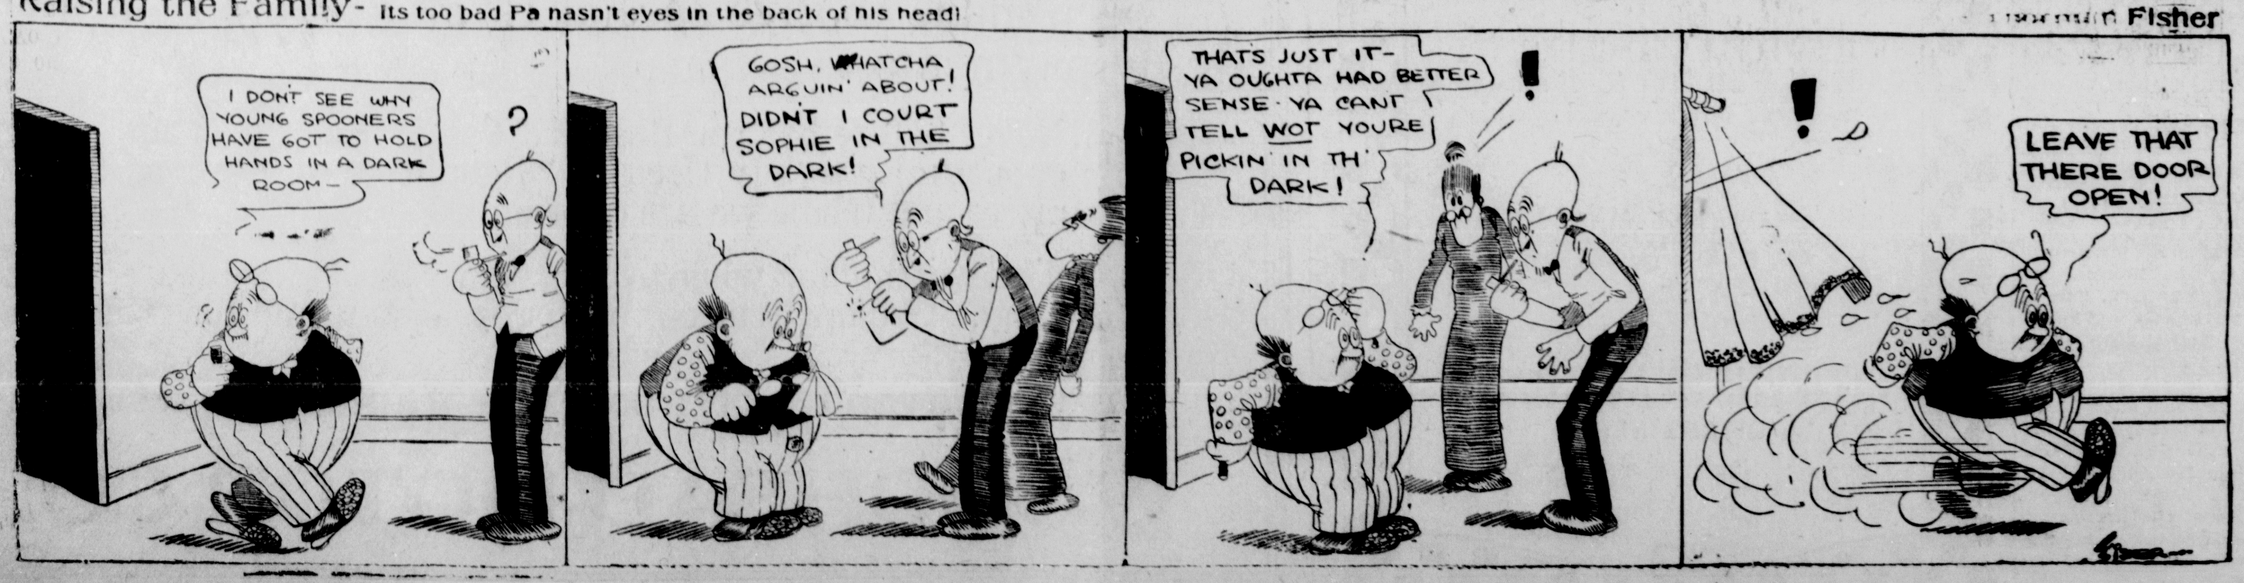

Criqui was probably the best "little man" developed in France. He showed himself equal to the gamest of any class in any country when he lost to Dundee. And when he went down, in the 8th round, after another merciless beating by Frush, Criqui never complained. He did say that it was the beating he took from Dundee which cost him this, his last fight.

Referee Counting Out Criqui in Eighth Round of Paris Battle With Frush, U. S. Featherweight

This photograph shows the referee holding Danny Frush away as he counts over Eugene Criqui, former featherweight champion of the world. They met in Paris in a bout that was scheduled to go fifteen rounds. Frush placed himself in the position of a leading contender for Johnny Dundee's title by knocking Criqui out in the eighth round and at the same time ended the ring career of the game little Frenchman.

Altoona, Pa., June 14.—Altoona's speedway's second race with 16 cars, all of which have exceeded the 105 miles an hour required to enter, faced Starter Wagner and got away before a crowd of more than 100,000 fans here today. The sun came out hot this morning, putting the bowl in perfect condition, and it is predicted all previous records will be smashed.

CINDER PATH TO OLYMPIC GLORY LOOMS

AMERICAN DELEGATION SAILS ABOARD "AMERICA" TODAY

TRIAL HEATS SHOWED MUCH TALENT IS AVAILABLE

(By United Press)

Cambridge, Mass., June 14.—The cinder path to Olympic glory stretched ahead for some four score of young America's greatest athletes today.

The American delegation, which will sail for Paris aboard the liner America on Monday, will be selected today. Upon the result of the finals this afternoon depends each athlete's chance of winning the coveted starry shield.

Yesterday's trial tests showed that there was more than enough talent to go around. The East has the largest representation in the finals, but the middle west and Pacific coast, with some sure place winners among their standard-bearers, are not far behind.

The day dawned overcast, with a promise of uncertain weather this afternoon.

It seems probable that Jackson V. Scholz, who broke the world's record for the 200-metres in easy fashion, would be the winner in both the sprints.

Cold Water Purifier

Place a pitcher of cold water on a table in your room and it will absorb all impurities in the air. In a few hours a pitcher or pail of cold water—the colder the more effective—will make the air of a room pure, but the water will be entirely unfit for use.

And There You Are

Little four-year-old Dorothy had learned the Bible text, "Love one another" at Sunday school. She repeated it after returning home and her mother asked her whether she knew what it meant. "Why, of course I do," she replied. "It means that I must love you, and you must love me; I'm one and you're another."

CURTAIN FALLS ON FRENCH BOXERS

By FRANK GETTY

New York, June 14.—The ring careers of the two best fighters France has developed came virtually to an end within 48 hours.

Georges Carpentier, former world's light heavyweight champion, ended his at Michigan City when he lost somewhat ignominiously to Tommy Gibbons.

Two days later, Eugene Criqui, gallant featherweight who lost his title in that division to Johnny Dundee here last year, foreswore the ring forever after a knockout at the hands of Danny Frush.

Carpentier may go on fighting; probably he will win some more bouts before he finally passes out of the picture. But his last chance for real ring fame ended when he took a bad beating from Gibbons on Decoration Day.

Poor Gene Criqui is definitely through. No one who saw the brave fight he put up against Dundee in New York, staggering, blinded, about the ring and refusing to quit, can help but sympathize with the stout-hearted little Frenchman when he says:

"I'm through. You won't see me getting knocked out from ring to ring. A better man beat me (this was after the Frush fight in Paris) and I've no excuse. No broken hands—no broken heart.

"I've had my day, been champion of the world. Now I'm not good enough any more. I'd have gone back to the United States and had another trial for the title if I'd beaten Frush, but I couldn't."

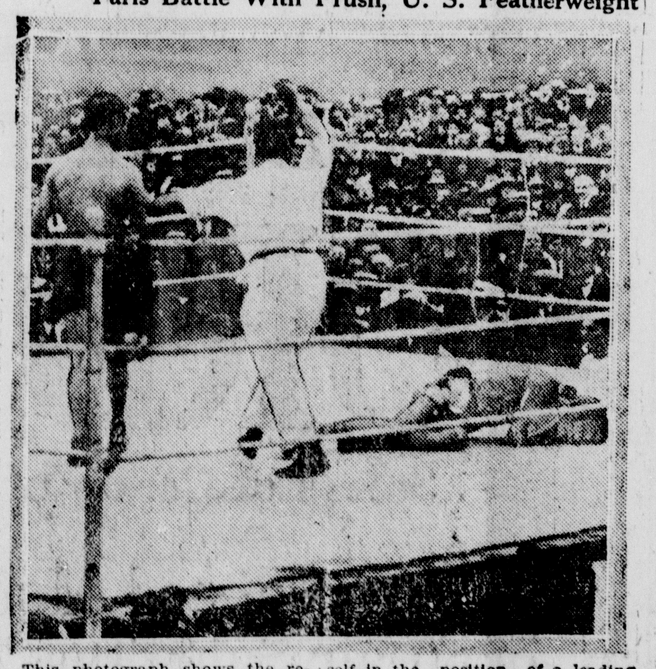

Thus passes Criqui, a fighting Frenchman. Gene was a real fighter, maimed in the world war so that his whole jaw was shot away. Surgeons patched him up, putting a sheep's bone in place of the little fighter's jaw.

Criqui returned to the ring, fought his way to the top, despite his wounds, came to this country in 1923 and won the world's featherweight title by knocking out Johnny Kilbane. Then came the match with Dundee. Instead of returning to France to gather in plaudits and francs as world's champion, Criqui consented to meet the Scotch-Wop a few weeks after the Kilbane fight. He received a terrible beating, from which he never recovered.

Criqui was probably the best "little man" developed in France. He showed himself equal to the gamest of any class in any country when he lost to Dundee. And when he went down, in the 8th round, after another merciless beating by Frush, Criqui never complained. He did say that it was the beating he took from Dundee which cost him this, his last fight.

Referee Counting Out Criqui in Eighth Round of Paris Battle With Frush, U. S. Featherweight

This photograph shows the referee holding Danny Frush away as he counts over Eugene Criqui, former featherweight champion of the world. They met in Paris in a bout that was scheduled to go fifteen rounds. Frush placed himself in the position of a leading contender for Johnny Dundee's title by knocking Criqui out in the eighth round and at the same time ended the ring career of the game little Frenchman.
